Play by the Shadows of a Dead City

April of 953 would have the fortunes of the city of Shadow spurn and darken, as two of its last remaining feudal lords, The Huntsman Gilded Raven and the Drowned Dead Knight, began a fateful quest to regain dominion of the city that had fallen out of their hands. What they weren't counting on, however, were two things:

As you explore, the joy of discovering unknown and overwhelming threats await you, leading to a high sense of accomplishment. • Create your Own Character In addition to customizing the appearance of your character, you can freely combine the weapons,
